At Cheeser's Palace, thanks to Amanda, and Carol, no one has to say cheese to get you to smile. Their bubbling personality makes Cheeser's Palace a place where you are not only served some of the best food, but the perfect place to be happy. It is the relaxing, revitalizing, and down home atmosphere that is so inviting to the patrons that it has become a home away from home. They have one of the most loyal following, and as soon as you step inside you know why.

The cheese and chocolate counter is so inviting that you can't leave without indulging. I personally like exotic cheeses; this is the place where I can find some of the best varieties. They also cater, and that is a welcome addition to this area.

They are not the usually variety of caterer, they are detailed oriented, and personalize in ways that make any event a success.

They serve breakfast, and lunch Tuesday-Friday 7am-3pm and Saturday and Sunday 8am-3pm. They are located in the heart of Clermont 707 West Montrose Street,
